9th January 2024

Dear Parent/Guardian,

We wish to enhance our outdoor learning opportunities and outdoor areas. As a school, we firmly believe in reusing and recycling. You, and the wider school community, maybe able to help us with much of what we need or know where we can source the required items.

Below is a list of what we need:

**Clothing and footwear**

Wellingtons in sizes 9 (child) to 6 (adult) which are in good condition.

Rain coats and wet weather trousers which would fit ages 3-11 in good condition.

**Household items**

Kitchen utensils - preferably plastic

**Gardening**

Bedding plants

Bulbs for planting

Wooden planters

Plant pots

**Building materials**

Guttering and pipes

**Other**

Large storage boxes

Large cable drums

We are also looking for parents/guardians who are tradesmen/women who would be willing to help us to build/assemble some planters/outdoor furniture.

If you think you can donate/help, could you please let us know via the 'Contact Us' section of the school website.

As part of our plans to further develop the outdoor learning areas, we intend to dedicate the 9th February as a 'Groundforce Day' where all pupils will be involved in preparing, tidying and planning different areas within the school grounds (further details to follow).

Thank you in anticipation from all the staff and pupils.
