Dear Families,

I am writing to you with arrangements for September, as this is the last letter of the term before we welcome you to us in September we would like to wish you all the best during your last week and we hope you enjoy creating memories that you will treasure.

Classes

An important part of your experiences at High School is making new friends and meeting lots of new people, as a result you will be mixed up in different groups for different lessons. We have organised registration classes so that you are with a group of friends, you were in these classes on the sports day and therefore have met everyone already. You will meet your class teachers on the first day and spend some time with them during the first day.

Buses

You will receive information about the buses from your local authority, the school does not arrange the buses so you should contact your local authority if you do not hear from them before the end of August. You will receive information about where to meet your buses and when and we will make sure you are on the right buses to go home.

School Uniform

You have already received information about the school uniform. You can order school uniform from the companies below, at the moment the Ruggerbug Website still shows the old school uniform so remember to contact them if you need help with what to buy. Ruck um Maul haven't updated the website yet but they also sell our school uniform.

www.ruckummaulsports.shop

Ties can be bought from school on the first day for £5. Leaners should bring £5 with them on the first day to purchase a tie.

Timetable

You will receive your timetable on the first day. Don't worry about this. Your class teacher will explain everything to you during registration time and make sure you understand where to go and when.

The Canteen

You will normally be able to get food from the canteen and you will pay for this through a cashless system. You will receive all the information about this during the first week and therefore we ask that you bring food for the first week while we set up your account on the new system. Food will be available from the canteen for learners who receive free school meals from the first day. It is important to keep up to date with payments, anyone with a debt of more than £5 will have their purchase refused by the canteen.

Class Charts

We use Class Charts to communicate with you. You will receive login details in September. There is an app for parents / carers and for learners. This is where you will receive communications from the school, important announcements and information about your child's behaviour. The app for learners shows their timetable, behaviour and homework, we may also send important announcements to learners so we kindly ask that you ensure that you and your child download the app once you have received your login details.

Important Dates

The term will start for everyone on Tuesday the 6th of September. We have planned INSET days for the following dates, we will notify you of further INSET days in due course.:

2 September 2022

5 September 2022

9 December 2022

23 December 2022

I am also attaching an information pack with important information about the school including school holiday dates.

You can contact the school using the contact details below but important work is taking place on the network across Torfaen during the first three weeks of the holidays unfortunately, we won't have access to our emails and the phones won't work either. If you have questions, contact the office and you will get a response as soon as is possible.

We look forward to welcoming you in September.

Yours sincerely,

Mrs Rh Dickenson

Assistant Headteacher
